Dailies & Cuts Distribution Grid

Each show will be given a distribution list (aka *distro list*) for dailies/selects and cuts. The grid will note which asset each YTO team member is to receive throughout production and post production.

Please ensure you include all required YTO contacts per the distro list. Be advised the distro could be updated throughout the show's cycle.

Important: When sharing cuts, make sure to CC YTO contacts. <u>Do not use BCC</u>.

If you have any questions regarding the distro list, please contact your YTO Post Production Manager.
