

# Aircraft & Watercraft Policy Requirements

## **Aerial filming and transportation**

- Producer must inform YouTube Production as early as possible of the intended use of any aircraft (including drones) or watercraft.
- Producer must also alert your insurance broker to ensure proper coverage is in place prior to using either aircraft or watercraft.
- Email [YouTube Insurance](#) to confirm required limits from owner/operator depending on usage, type of aircraft, number of persons being transported, etc.
- Producer to engage the aerial company and not YouTube.
- Non-owned contingent insurance in addition to owner/operator insurance is generally required as well. YouTube, LLC and Google LLC (and any other Google entity that signed the Agreement) and their respective assigns and licensees to be added as additional insureds to all applicable insurance policies.

## **Watercraft filming and transportation**

- Email YouTube Insurance to confirm required limits from owner/operator depending on usage, type and length of vessel, location of vessel, etc. Producer to engage the vessel owner/operator and not YouTube.
