

Google is proud to support Alaska

Creating economic opportunity across the state

\$137M of economic activity

In 2022, Google helped provide \$137 million of economic activity for thousands of Alaska businesses, nonprofits, publishers, creators and developers.

48,000+ Alaska businesses

More than 48,000 Alaska businesses used Google's free tools to receive phone calls, bookings, reviews, requests for directions and other direct connections to their customers.

21,000+ Alaskans trained

Grow with Google has partnered with 44 organizations in the state to train more than 21,000 Alaskans on digital skills, including organizations such as public libraries, chambers of commerce, community colleges and more.

"Google Analytics helps us know what to market more aggressively, what to dial back, and how to streamline what we do so we can use our time better."

Adam Cuthriell
Owner of FishHound Expeditions
Girdwood, Alaska

Helping Alaska's small businesses and startups thrive

Alaska business owners are leveraging digital tools to find new customers and grow amidst economic challenges, like inflation and talent shortages. To help Alaska businesses like FishHound Expeditions, Google is increasing access to capital, trainings and free resources.

\$191M

Provided to support small business resilience

Google's commitment of \$191 million in loans and grants to Opportunity Finance Network (OFN) supported community development financial institutions (CDFIs) including Spruce Root, Inc. in Alaska, to deliver low-interest loans to over 130,000 underrepresented businesses and nonprofits.

\$190M

in venture capital raised by Google for Startups Founders Fund recipients in the U.S.

[The Google for Startups Black and Latino Founders Funds](#) provide cash awards and hands-on help to support underrepresented entrepreneurs throughout the U.S.

75%

of learners report a positive impact to their career¹

Helping Alaskans develop digital skills to grow their careers

50% of the workforce will need to reskill by 2025² and 1 in 3 American workers have very limited or no digital skills.³ We're working to help people advance their careers and pursue new opportunities by making digital skills accessible to everyone. To date, we have helped over 300,000 Americans find employment and increase their income through digital skills training.

150,000+

Google Career Certificate graduates in the U.S.

[Google Career Certificates](#) help people develop skills for new jobs in fields like data analytics, UX design and more in just three to six months. After completing the program, graduates are able to connect with 150+ top employers. Within six months of completion, 75% of program graduates report a positive career outcome, such as a promotion, raise or new job.⁴

106,000+

Alaska students trained in computer science to date

Google is helping address inequities in computer science education by offering no-cost products and programs, like [CS First](#) and [Code Next](#), to students across the U.S. To date, Google has invested over \$240 million toward computer science skilling including Google.org grants to organizations like National 4H Council and Hidden Genius Project.

Supporting Alaska nonprofits and local organizations

Local organizations and nonprofits across Alaska are doing great work to support their communities. Google is proud to partner with trusted community organizations to further that work, and bring digital skills training, grant funding and other resources to more Alaskans.

770

nonprofits supported

Since 2011, Google for Nonprofits has supported 770 nonprofits in Alaska.

\$597,000

in free search advertising

In 2022, Google.org provided \$597,000 in free search advertising to Alaska nonprofits through the Google Ad Grants program.
